Skills

Profile

Hey there! I'm Juani, a 25 years old bolivian **Frontend Developer** and **UX Designer**. With **+3 years** of professional experience within multiple US enterprises, projects and applications. I consider myself as a really friendly, cheerful and positive guy, who is always willing to learn new technologies and experiences. So tell me, how can I help you?

Work Experience

Dreamcode

Lead Frontend Developer   **2021 - Present**
Working for Omedym. Refactored an application from scratch using Vite bundler with React and Typescript. I'm currently handling and refactoring multiple workspace applications including a components library. And I'm leading the frontend development of the team.

New Vision Data

Frontend Developer   **2019 - 2021**
Worked for multiple US companies, such as Zebra Technologies and MHFD. Worked with React and Typescript among different map tools (Mapbox and Openlayers). Led a real-time player tracking feature for a NFL project using real-time data and map layers.

DACorp Soft

Frontend Developer Internship   **2018**
Led the development of an e-commerce site using Angular. Also, learned the basics for enterprise software development with the usage of services and microservices.

Projects

Pick N' Pay

Software Engineer - UX/UI Designer   **2021**
Built an administrators and clients systems for this startup. Designed the application using Figma and developed it with NextJs and Firebase.
